AUGUST 2021

Issue 83

## Callaway Club Fitting Day Review

Thursday, 5th August, Rod from Callaway Golf came to visit and showcased the entire Callaway range.

We had a full booking sheet of fittings beginning at 10am and finished just after 5:30pm.

Thank you to all the members and visitors who supported the day.

In each of the fittings the client had the opportunity to compare their current equipment with the new range and see what performance gains were achieved.

The process uses a Trackman launch monitor to capture shot data, comparing things like clubhead speed, ball speed, distance and dispersion to allow Rod to suggest the most suitable equipment for your game.

Many members saw impressive improvements in ball flight, consistency and distance gains.

If you haven't been to a fitting session before I strongly encourage you to book in to experience the process and see how the correct fitted equipment can help you with your game.

*Thank you to Matt Portelli for the review.*

Ron Healey and Paul Prendergast were among many Club members who took the opportunity to receive some valuable advice from Rod.

## MANAGER'S REPORT - AUGUST 2021

### Jeff Graham

Hello Members,

Whilst penning this newsletter report, I am watching the Daniel Andrews press conference in anticipation that Regional Victoria will shortly be released from hard lock-down and the sports we love will again be open for participation. I'm cautiously optimistic that by the time you read this, my hopes will have come true.

#### **Great Coaching!**

Some great news, Matt Portelli is making some great inroads with his junior and beginner golf programs. Due to demand, Matt has doubled the frequency of junior classes at Bairnsdale (to twice a week) and has received some tremendous interest in his adult beginner classes. As we have stated prior, the success of these programs go a long way to the future success of our club, and equally to the success of Matt Portelli's business. If you know anyone who may be interested in the programs, please forward this information or put them in touch with Matt of 0476 696 486

#### **Appointment of Christian Graham (not related!)**

Our replacement for the retiring David Wallace has been confirmed. Just before our current lock-down the club appointed Christian Graham to fill the role of course groundsman. Christian has a long history in Turf with a really strong background in Irrigation. Christian is reasonably new to the area and is really looking forward to commencing, the minute this current lock down ends. Make sure you give him a wave and say g'day if you see him on the course.

#### **Major Raffle & the trouble with Social Events:**

It's appearing more and more likely that running major social events (such as the Trivia & Casino night) is a fair way off. The Social Committee has been mulling over the best way to raise some funds for the club and we believe we have struck upon a quality prospect to fill the void. Over the past year we have managed to procure a number of great donations, some with exceptional worth and value. We believe that a major raffle with a total prize pool of close to \$10,000 is very achievable with members support. We currently have around \$6,000 worth of prizes and we are looking for (new) prize donations we can add to the raffle. If you have items or services of worth, please let me know and we will graciously add them to the pool.

#### **Callaway and Srixon Fitting Days:**

The recent Callaway fitting day at BGC was successfully completed with 11 members receiving club fits. Unfortunately, the news of the lock-down (with all 2 hours notice) landed that afternoon and our Melbourne based fitter had to hightail it back home cutting the last fitting in half. It's great to see so many members supporting the club by purchasing equipment through our golf shop. On the flip side, the Srixon day was cancelled for a 2<sup>nd</sup> time and at this stage we don't have a rescheduled date, when we do we will once again advertise the event.

#### **Keep your eye on the Cafe**

We are getting very close to releasing a new "always available" menu for the Golf Shop cafe. Joh Wyllie and the bakers have done a power of work testing, cooking and chasing new suppliers and soon there will be a much bigger choice of food for golfers, bowlers and visitors. The overall success of the cafe came as somewhat of a surprise last year and we certainly plan to make the most of it going forwards.

## PRESIDENT'S REPORT - AUGUST 2021

Hello to all members

I had hoped to be able to report that Golf & Bowls would re-open by now, however we are still waiting for the Premier to announce when Regional Victoria will have some release from the current lockdown.

I find it astounding that we can be locked down in 2 hours and then be advised by the Premier early last week that Regional Victoria will be released this week. Now it appears that this announcement will not happen for a further few days. This is having a huge impact on local business as well as sporting clubs.

I sincerely hope there is some good news by the end of the week seeing we have had NIL Covid cases in our region. I am so sorry for the impact this had had on our staff and members.

On a brighter note, the recent rain will have ensured our golf course and bowls greens are in excellent shape for the spring season.

I trust there is something brighter to report on in the September report

Regards,

**STEPHEN MANN (President)**

## TREASURER'S REPORT - AUGUST 2021

**David Pollard**

Hello readers,

Firstly, I hope you are safe and ready to resume golf and bowls whenever we can. Following is our performance based against July's budget.

### **Bank Accounts – as at 6 September 2021**

- Trading Account \$223,498.11 Credit Funds
- Holding Account \$ 14,106.45 Credit Funds

I note we have closed the Term deposit and returned the funds to our Trading Account.

### **RESULTS V BUDGET**

#### **Income is over by \$16,000 (good)**

- The revenues based on participation are down as you would expect.
- The Pro Shop is operating better than budgeted, but this is mainly due to lower wages for the period.
- Sponsorship is going well, being well above budget.
- We also benefitted from a Grant that we had not expected.

#### **Expenses are under \$6,500 (good)**

- We are going ok across the board for expenses.
- As with some Income, the participation costs are down, Competition prizes, Affiliations etc.

#### **Net Profit (Before Depreciation) is over \$22,500 (good)**

While this is a good result, to beat budget, we must remember we are living in 'odd times'. Let's hope we can begin the journey back to 'normality' sooner rather than later.

**David.**

## COURSE MANAGEMENT - AUGUST 2021

### Craig Rimington

August has had the feeling of an early Spring, with some warmer afternoon high temperatures and light winds. Yet again we have been forced into lockdown and have been hampered by significant rainfalls we have received 138mm between August 23<sup>rd</sup> and September 6<sup>th</sup> (over 15 days). This rainfall has filled the large irrigation storage, causing spill over into adjoining land bordering the 13<sup>th</sup> hole.

This has caused slow water movement through the course drainage network. We have also received extra rainfall run off from adjoining land on holes 2<sup>nd</sup> and 3<sup>rd</sup>. The positive from this is that it has highlighted the need to modify and add additional drainage to many areas of the course to improve playing conditions.

Course Management Practices undertaken during August have included: -

Preparations for day to day running of all Club events golf and bowls; sponsor signage upgrades; drinking bubbler improvements; laying of new sod in high traffic areas on the 5<sup>th</sup> tee and greens surround; insecticide applications to all short grass playing surfaces and repairs to bunker washaways.

Newly built drainage pit for LHS greenside bunker 8<sup>th</sup> hole; IPM spray management programs; weed control, bunkers; machinery maintenance and general course maintenance practices.

**Greens** have been 8mm solid tine aerated twice in the last 5 weeks and have had two sand dusting applications. The greens have held up to the recent rainfall and are looking good coming into Spring.

This week the greens were treated with high rates of growth regulator for Poa annua management, applications of insecticide and fungicide. Granular fertilizer has been applied to greens 3<sup>rd</sup> and 4<sup>th</sup>. Grooming/Verti cutting of select greens will take place during September when required.

**Bowling Greens** We have made the most of the lockdown and some good weather days on the Bowls greens performing a mini renovation. Both greens have received a -3mm Verti cut which has removed some winter die back to open the surface for new growth.

Additionally, we borrowed a Pro Core aerator from Traralgon Golf Club and both greens have been aerated with 8mm and 5mm tines to a depth of 3 and 1.5 inches, this was followed by a granular fertilizer application and soil fungicide treatments. Unfortunately, we are seeing early signs of the ERI disease in the bottom green, we plan to increase fertility to this green to improve the surface.

Weed spraying has taken place in Bowls surrounds gardens, we will require some member assistance with some weeding and pruning as we are busy with other work.

**Tees** Divoting of tees has been on a fortnightly or as needs basis.

Recent rains have highlighted the need to rectify some problem areas on cart paths and this ongoing work will take place when time permits.

**Fairways** General maintenance has taken place for the month, herbicide applications have been postponed due to rainfall.

**Bunkers** General maintenance has taken place including spraying for weeds and grasses, sand leveling and edging. We have had a firefighting pump running all day the last week removing water from slow draining bunkers, also tending to washed out bunker faces.

Just a reminder to please enter and exit bunkers from the lowest point, refrain from walking up and raking of the bunker faces, return bunker rakes to the center of the bunker when exiting.

## COURSE MANAGEMENT - AUGUST 2021 (cont.)

**Vegetation** Spraying for weeds and grasses in garden beds. We are continuing with select pruning, dead wooding and weight reduction on trees around the course using the pole saw.

Weather put a halt on works around the 16<sup>th</sup> tee where we have been thinning out the Lomandra plantings. We plan to continue this work around all required tees.

### Rainfall

August 2020 **76.5 mm (no. rain days 10)**

Year to date 2020 **518.4 mm**

August 2021 **66 mm (no. rain days 10)**

Year to date 2021 **508 mm**

### Temperature Averages

**Ave Min – 6 degrees**

**Ave Max – 16 degrees**

### Works Program for September 2021 to include: -

Preparation for all Club and corporate events golf and bowls; growth regulator applications; post-emergent herbicide spraying fairways/ greens surrounds; vegetation pruning; path repairs (crushed rock); fertilising and topdressing new Couch sod areas; machinery maintenance; Red azolla control, continue applications 3<sup>rd</sup> Wetland; IPM control program. Issues which may arise from committee meeting. Works program may vary due to weather conditions.

**Craig Rimington**  
**Course Superintendent**

## CAPTAIN'S REPORT - AUGUST 2021

### Denis Sing (Acting Captain)

Once again we find ourselves in and out of lockdown and as a result a limited amount of golf was played in August.

We did manage to play a 4BBB on Saturday August 14th. which saw Paul Prendergast and Gavin Braybrook victorious on 46 points, ahead of Damien Tubb and Daryl Newell.

On Saturday 21st. August a small number of members managed to complete a stroke round before the snap lockdown was announced. Jack Young with a 68 nudged out Chris Rose on a count back. Unfortunately that was it for competition in August.

September, at least, sees a return to social golf for the moment. Hopefully competition golf will recommence soon.

The course should be in tip-top condition as Spring unfolds, despite the recent deluge, as there has been no traffic.

Projecting forward, we hope to see the finalisation of the Singles and Fourball knockouts in the near future. Our Annual Tournament is scheduled for late October so hopefully this will go ahead unhindered.

I would like to take the opportunity to welcome back our well travelled and rested Captain, Marty. Hopefully you will see him around the Club soon.

In the meantime seize the opportunity for social golf until we can all get back to some normality.

Good hitting,

**Denis.**

## THURSDAY GOLF - AUGUST 2021

### Chris Savige

Another disrupted month of golf on our calendar and a forced break from playing one of the safest participation sports during a pandemic. Only tennis rates lower. If our golf course was a venue subject to one person per 4 square metres, we would be allowed to have 101,171 people on our course.

Generally, the maximum number than can play comfortably is 144 players or each of us taking up 2,180 square metres each.

Anyway, golf has failed to sway the medicos so let's relive the last time we played.

Our month started with a stableford competition sponsored by the Nicholson Hotel.

Rick Lucas saluted in A Grade with 36 points. Bill Dahlsen bobbed up in B Grade with 37 whilst Donald May started the month strongly with 38 points. Little did he know that a couple of weeks later, playing from the ladies tee, he would rack up 15 points. D Grade was a surprise to all who know him, Barry Kubale won with 38 points. The drug test was inconclusive and it was sent to the city for further analysis. Those results are still outstanding. NAGA was sadly left in the hands of Thursday debutant Andrew Savige on 20 points. He was left holding the bag because Chris Tilley vanished quickly after having 15 points.

Medal day was sponsored by Bill Flack and he didn't get to present the medal because Ian McCoy played in the morning and had a cracking 65 nett. Hard luck story of the day was in D Grade where Ron Healey had 66 nett and didn't he let us know how unlucky he was during the longest speech of the year from a player who ran second. Geoff Cooper won A with 69 and the Mysterious Mustang driver again pillaged us with a 70 nett. Ian Templeton would be the most consistent stroke player this year by far. Good news travels quickly and the NAGA has a certain appeal like the Fex Ex Cup playoffs and after a week of wallowing in self pity with 15 points, Chris Tilley fronted the crowd after a 97 nett. Not only did he qualify for the NAGA playoffs, he gave us a speech nearly as long a Ron's. Pity we didn't have an Auslan Intrepreter, we might have known what he said.

We squeezed in one more game before lockdown, it was a Stableford event sponsored by Terry Hughes. The days winner was Gordon Gibson with 41 points. Was not sure whether he was still on the course or he played in the morning but the consensus was, it may have been a slow 41. Peter Woodcock had the next best score to win D Grade with 40.

John Fitzclarence saluted in B Grade with 36 points, obviously inspired by his playing partners for the day – Earmuff Doug Law and the Green Councillor Stow. D Grade winner was Steve Hall with 39. Again Andrew Savige was left holding the NAGA after Max Shearman vanished after his 15 points.

Hopefully we get back on the course in September, it will be a busy period up to Christmas breakup, so look forward to seeing you all on the course. Big thanks to our sponsors for the month especially Terry and Bill for putting their money where their mouth is and allowing us to play our competitions as we have been accustomed. Think about sponsoring a Thursday for next years program, our Thursday is a lot of fun and we get to play on a great golf course every week, so you will always get your money's worth.

*Newsletter #2 - Aug 2021*

## **Hello Members & Subscribers,**

### **Support strong in East Gippsland!**

Stop, start, stop, start, stop... Yes that's the pattern since I began coaching full time in mid July, however I must thank all Members and Clients that have been so supportive over these uncertain times. Fingers crossed we will be allowed to play our great game again soon.

Group coaching programs have begun since the last newsletter. Junior programs for term three have seen seventeen kids enrolled at Bairnsdale GC and eight kids at Maffra GC. We hope to get out on the course as soon as lockdown lifts, to put the skills learnt in the first few sessions to good use. The get into golf adult beginners program saw ten ladies enrol. Yes that's a full class! We completed one of five sessions on a brilliant Saturday afternoon before the pause.

I completed an all abilities session for physical and visually impaired participants, at Maffra GC, through the support of Brenton Dinsdale at Gippsport. We have plans to get the ball rolling in this space at both GC's once lockdown lifts. All abilities and Special Olympics Australia programs play a pivotal role in providing participants at any level the opportunity to play golf. If you know of anyone, at any age or skill level, that may be interested in learning to play, please get in contact.

I recently successfully applied for an equipment funding grant through Golf Australia. This grant will allow me to purchase extra equipment for junior golfers in the 5-7 age range and modified clubs for all abilities participants. Once again I thank Golf Australia for their ongoing support in assisting with my programs.

Lastly, Jeff and I will be running a Junior Master Class session at Bairnsdale & Maffra GC's (Covid restrictions permitting) on the 20th & 21st September, to support the Gippsland Super 6 tour event at Warragul GC in November. These sessions are limited and registration is essential. Please click on the image below to be re directed to the rego portal.

## THURSDAY ANNUAL COMPETITIONS.

Hi all.

The Covid lock down has only allowed one stableford round this month, 26<sup>th</sup> Aug. & 2<sup>nd</sup> Sept. lost. We did manage to get in the stroke round for the Wigg Trophy. This round was also the Thursday Annual Stroke Elimination qualifier and the list of the 32 who made it is on the Thursday notice board. It does not look as though we will make the September 9 round but maybe replace the Stableford on the 16<sup>th</sup>.

Points are awarded from 15 down to 1 on countback on each Thursday round of Stableford competition from February to November and in the case of the Ian Wigg, Thursday stroke/medal rounds from February to December. The players amassing the most points win the trophy and a voucher. Listings of the top 40 in these comps are on the Thursday Notice Board at the front door of the Pro-Shop.

### 18 Holes Stableford Rob Maitland Memorial

Not many changes with only the one round, Rick Lucas remains in front with 63 points holding a handy lead of 14 over Tim Jones on 49 with Bill Dahlsen following on 43, the top three did not add to their scores. Ken Smith was the only mover going to 42 points followed by Fred Jackson on 40.

### Front 9 Stableford Sponsored by Norm Bambury

There was some changes here, Peter McCallum's lead was short lived with Laurie Brown continuing to pick up enough points to take him into the lead on 51, Rick Ross also slid past Peter into second place on 46. Peter remains on 45. Gordon Gibson added 8 points to take him to 44 and John Fleischer adding 14 jumps out of the pack to take him into fifth on 41.

### Westpac Back 9 Stableford

The only change on the Back Nine was Paul Prendergast moving up to 50 points to take fifth place. The four leaders did not add to their scores after scoring in the past 4 rounds Jim Cugley could not make it 5 in a row but his 70 points gives him a handy lead over Rick Lucas 57. Tim Jones on 54 is followed by Rob Barton 53 who is looking for a bit of form to make a late run. Kevin Naughton is on 49.

### Ian Wigg Memorial Stroke Trophy

Ian Templeton has moved further ahead in the Wigg Trophy, he has scored in three of the six rounds played, his medal earned him 15, runner up 14 and 10 this month takes him to 39. Gordon Gibson added 12 points to take him second place joining Paul Prendergast on 27, followed by Grant Handasyde 25, Gavin Braybrook moving to 24 and Brian Wray 22.

## Ron Healey Thursday Golf

## HISTORY Ron Healey - Historian

### EXCERPTS FROM THE NEXT MINUTE BOOK DATING FROM 15<sup>TH</sup> OCTOBER 1957 TO 3<sup>RD</sup> MAY 1960.

The **Committee Meeting** held at the Club House on **October 6th, 1959**.

Discussed the problems with the 9<sup>th</sup> Green, and it was decided that the relaying of this green would be contracted out. Play was to be resumed on all permanent greens and that the temporary 9<sup>th</sup> green be sanded.

House Committee submitted plans of a proposed alteration to the Club House and it was recommended that draft plans be provided to the Honorary Architect Mr C E S Russell for final drawing up and submission to builders.

An offer was accepted from Mr H Marsh to supply materials for the construction of an open air BBQ, and that a Bricklayer be employed under the direction of the House Committee and in accordance with the plans suggested by Mr Marsh.

Program for the continuation of the Golf Season was discussed and it was moved that from October 12, 4BBB events be held on alternate Saturdays (this would possibly cause a riot nowadays).

Elimination of cape weed was causing a problem, and Green Committee members were rostered for watering of greens.

“Seemed to be a fairly un-eventful meeting but still did not finish until 10.50pm. Drinks must have went late.”

At the **Committee Meeting** held at the Club House on **November 17th, 1959** accounts were presented for payment with the overdraft standing at £3585.

The Greens Committee requested approval to purchase approximately 1233 feet of ¾” plastic hose at the best possible price, and that the tender of Mr. J Shanahan of £50 which included 3 drivers, two Trucks and a front end loader for the re-building of the 9<sup>th</sup> Green. (Those were the days)

Mr A Blythe recommended that a Special Committee meeting be held for the purposes of course inspection and the laying down of a master plan for course alterations and directions to the Greenkeeper. Tentative date Sunday December 6<sup>th</sup>.

An offer by Mr Keith Shepherd to donate an Honour Board to the Club was received and accepted with thanks. Board to be called:

BAIRNSDALE GOLF CLUB  
Eagle Point Course  
Officially opened April 12, 1958

Names of President, Captain, Champion and Secretary as from that date be included.

It is very likely that the current Office Bearers Honour Board so named, shown above is the original one?

## HISTORY (cont.)

An offer to supply a dart board by Mr J Anketell was also accepted. Alan Blythe was looking at the possibility of an organised school for young players.

A refrigerator was to come available from the RSL, J Pallot was to obtain an option subject to a trial period to ascertain suitability.

**The next Meeting** was held at the Club House on **December 1st, 1959** and matters from the previous meeting were, Honour Board had been completed and installed, the RSL refrigerator held in abeyance.

Discussions were held regarding the necessity for a Capital Replacement Fund to prepare for repayment of debentures.

The conclusion of work on the Mines Department bore was expected just after Xmas, and that flood irrigation was being considered, by-passing the Dam.

Alan Blythe was investigating the availability of second hand bricks for the BBQ.

An Iron Frame piano was offered to the Club for £75 and it was decided to buy it.

Mr N. Roberts had authorised the sale of the Electric Stove he had donated and this was to be used as a deposit on a new stove value approx. £15.

Christmas Bonuses were granted to staff, Mr Greenwood long time Greenkeeper £30 up £5 on last year, Mr C Robinson £5 (as far as I can ascertain part time asst. greenkeeper) and Bar Manager Les Tipper £20.

An item was listed that consideration be given to the purchase of the Eagles Nest Garage and that investigations should be carried out relating to price. (I remembered something about Eagles Nest in previous write ups and this item is from December 1957 “The Club piano was to be left at the Eagle nest Roadhouse???” Is it the same place?)

I can only presume that it is a tin shed maybe suitable for a machinery workshop.

We may find out in coming editions!

Course equipment was discussed and quotations were to be obtained for new Mower Gangs and the availability and pricing of a second hand Tractor. Mr J Anketell was to follow this through. Messrs. B Jeffries, Mr G D Mitton and Mr D Sargood were admitted as new members, Mrs E Jeffries was added to the ladies' waiting list.

## SUNDAY GOLF - AUGUST 2021

Much to the dismay of our dedicated Sunday golfers, we have seen limited competition in August again due to the Covid wrecking ball.

Sunday, 1st. August saw a field of 55 players contesting a mixed Stableford event. Zetty Clark won with a creditable score of 34, as did Peter Lacey finishing on 36, narrowly edging out Peter McCallum on the same score. Thank you to Leading Edge for their ongoing generous sponsorship.

The following Sunday saw the course closed due to a Covid lockdown.

On Sunday 15th. August we were fortunate enough to run a competition, a Stableford event, with the men playing off the red tees and the women teeing off the blue markers. Handicaps were adjusted accordingly! This event proved to be a lot of fun and generated a lot of banter back at the clubhouse.

Our Sunday golf support of the Paynesville Ambulance Auxiliary was gratefully acknowledged by Ruth Wilson, who attended to congratulate the winners on the day. Daryl Newell was outright winner for the men with a score of 34. Ian Fleischer was runner-up with 33. Jenny Archibald was victorious on a terrific 37 and Angela Fleischer came in with 32 points.

Unfortunately the following two Sundays of August saw the course shut down due to Covid restrictions.

We look forward to getting back to social golf and competitions in the near future. In the meantime, stay safe everyone and keep up that backyard practice!

Sunday Committee rep. Janet Gibson with Ruth Wilson (Paynesville Ambulance Aux.) and men's event winner Daryl Newell, runner-up Ian Fleischer, ladies' winner Jenny Archibald, and runner-up Angela Fleischer.
