## PRESIDENT'S REPORT—DECEMBER 2025

**Stephen Mann**

Hello to all members,

I trust that all golf and bowls members enjoyed their sport in December.

### PIZZA NIGHTS

The first two Pizza nights held have been a great success with many positive comments on the quality of the food served.

Jeff Graham has now allowed online booking for Thursday Pizza nights commencing on 8<sup>th</sup> Jan 26 and ran weekly. Take away foods can also be booked. I hope members support this initiative.

I thank you all for your great support to our club in 2025 and wish all members and families best wishes for 2026.

Enjoy your Golf and Bowls during January.

Regards,

**STEPHEN MANN (President)**

## TREASURER'S REPORT - DECEMBER 2025

**David Pollard**

Hello all, I hope you have had a joyous and relaxing festive season.

Any time you would like to chat about the figures, let me know.

**Bank Accounts** – as of 8 January 2026

- Trading Account           \$250,452.87 Credit Funds
- Holding Account         \$   7,419.05 Credit Funds
- Term Deposit             \$  56,048.10 Credit Funds

The reporting period is 01.07.25 to 30.11.25

### RESULTS V BUDGET

**Income** is under by \$7,200 (no so good)

- Competition Fees, Green Fees, Subscriptions and Bar operations are all down.  
This can be attributed to various closures.
- Raffles etc. and Pro Shop operations are all up.
- The balance of areas are showing either slight gains or losses.

**Expenses** are under \$15,400 (good)

- The only 'anomaly' is Reimbursed Wages due to our ongoing Workcover position.
- Without this reimbursement, our Expenses would have been over budget by \$4,000.

**Net Profit** (Before Depreciation) and factoring out the 'Wages reimbursements, is \$33,838 against a budget of \$45,151. While this is not ideal, we already know we had a great December and have operated through the 'Christmas/New Years' period very well.

**David**

## MANAGER'S REPORT - DECEMBER 2025

**Jeff Graham**

Hello all.

This month, I would like to highlight the tremendous contribution that volunteers provide to our wonderful club. Following a conversation and suggestion from a member who was quite astonished by the number of members who donate their time without expectation of return, he suggested that I publicise the information. I agreed it would be a good idea, and here we are!

I won't be listing individual volunteer names, that's not what this is about. I am just trying to convey the enormous contribution they make each and every day.

So how many regular volunteers are there and what do I mean by regular?

Well regular excludes those that may jump on a BBQ once a year, help run a major event (pro-am) or even attend a working bee. I'm only counting those that have regular repeat roles and effectively act as unpaid workers.

If I included all the occasional / one off helpers the below number would increase by at least 50. Below is a list of volunteer categories along with the number or volunteers involved.

| Role   | Number of volunteers |
|--|----------------------|
| 1. Committee of Management                       | 7                    |
| 2. Finance Committee                             | 3                    |

| Newsletter Editor (last but CERTAINLY not least) | 1                    |
| <b>Grand Total</b>                               | <b>130</b>           |

Also, if you haven't volunteered at the club, please consider it.

Many of our volunteers perform multiple roles from the above list and I'm always conscious of the strain it places on them.

Lastly, on behalf of the staff and members of the Bairnsdale Golf Club, thank you.

Until next month, play well,

**Jeff Graham**

Quite something isn't it.....and my apologies if I have accidentally left tasks out. We are all beneficiaries of the above, if the club had to employ the staff required to fill these roles, our fees would at least double.....literally.

## GREENS DIRECTOR - DECEMBER 2025

**Steve Beggs**

Seasons Greetings to all, enjoy the short break from bowling and come back full of vigor for 2026.

The bottom green should be playable late January and the lines will require string line to ensure all are in line across the green. This requires five people for about 4-5 hours, I will ask for helpers when Craig gives me the go ahead that we can bowl on it again.

I wish to not stand as Greens Director at our next AGM so if a successor from our membership is willing, I will train you up with what the job entails so you will not be thrown in without the knowledge of what is required.

Please talk to me about this important position.

Cheers,

**Steve.**

volunteers

## BOWLING GREENS - DECEMBER 2025 Craig Rimington Course Superintendent

Both Greens have improved in recent weeks with some fine weather.

Top Green has been verti cut; we will endeavor to do this again in coming weeks. The Bottom Green, post renovation, has had some setbacks with damage from Couch Mites but has responded well to treatments of additional fertilization and irrigation.

The surface is very close to a full grass cover, this green will require a light verti – cut and another sand application to help with smoothness and growing out the disease scaring.

**Craig.**

## Let's Test Your Knowledge

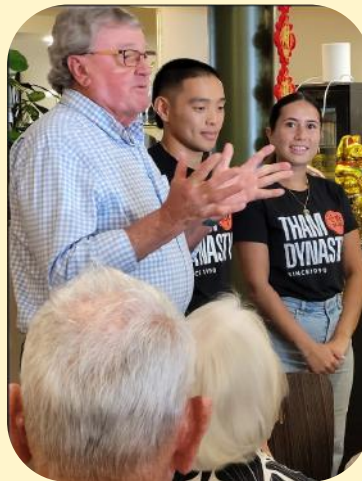

- 1) In a game of Pennant could a player use four bowls from four different sets (two each way) for the trial ends, and could the players, again, change bowls after the trial ends?
- 2) The jack is in the ditch. A running bowl strikes a 'toucher' on the green sending the 'toucher' into the ditch where it comes into contact with the jack, which bounces out of the ditch and onto the green. Should the jack be allowed to remain in its new position?

### Answers:

- 1) Yes. Each player can use any combination of bowls taken from different sets of bowls. Bowls can be changes after the trial ends (but before the start of play). (Law 5.1 Trial ends 5.1.5 Each player can use any combination of bowls taken from different sets of bowls).
- 2) Yes. The jack rebounded as a result of contact with a live bowl, therefore the jack should be played too in the usual manner (Law 18 Live jack in the ditch 18.3 The position of a jack in the ditch will be validly altered if the jack is moved by 18.3.1 a 'toucher' in play).

Christmas lunch was, once again, held at Tham Dynasty Paynesville. # Weekend Pennant

Our first Saturday game **December 6** was away to Lakes Entrance. We decided to play through persistent showers to get enough ends in to constitute a game, but then the sun came out! Well, not really but it brightened up enough for a full game.

We were not looking too good for a while, but then a fight-back brought us to within nine shots at the end.

Division 3 were away to Howitt Park, but unfortunately a game was not played due to the rain. Division 4 away to Bairnsdale also had a nine shots loss.

**December 13** and we were all at home with Division 2 against Lindenow, Division 3 against Metung and Division 4 up against ladder leaders Tambo Valley. Division 2 struggled valiantly but in the end Lindenow were too good winning by 15 shots and taking fourth spot from us on the ladder.

Divisions 3 and 4 both played ladder leaders and came away with a 22 and 23 shots loss respectively.

Big thanks to Jenny, Mark, Alan and Mira for helping me out with some pictures over the season so far. xx

# Weekend Pennant

Last game for the year, **December 20**, and it was away once again to Lakes Entrance for Divisions 2 and 3 whilst Division 4 were at Paynesville. A very close game in Division 2 where we were in front until the last couple of ends. A good effort which could have gone our way, so very competitive losing by only two shots. Division 3 battled well but had a 18 shots loss. Division 4 at Paynesville also had an excellent match going down by only 3 shots. At this stage Division 2 are 7th. on the ladder; Division 3 4th. and Division 4 in 7th. place.

# Midweek Pennant

**December 2** with everyone at home, Division 2 to Lakes Entrance 3 and Division 3 to Howitt Park. A tough day for the 2's with a 29 shots loss, however, the 3's had a good close game coming out on top by nine shots.

**December 9** and Division 2 were away to Bairnsdale 3 where a disappointing 15 shots loss was the result. Division 3 at Lakes Entrance against their number 4 side was a day to forget going down by 52 shots. A learning experience for our side on the unfamiliar carpet.

**December 16** and Division 2 had a nice 10 shots win at home against Orbost. Division 3 had a bad day going down by 46 shots to Bairnsdale 4. At the end of the year Division 2 are 7th. on the ladder, whilst Division 3 are 5th.

## LOOKING BACK ON THE HISTORY OF OUR BAIRNSDALE GOLF-BOWLS CLUB. PART 10...

## OUR BEGINNING

After a recent clean-out of our foyer cupboards I have had the privilege of going through many folders of correspondence along with minutes of committee and annual meetings.

In 2003 the Traffic Accident Commission (TAC) and the Royal Victorian Bowls Association (RVBA) formed a sponsorship and safety awareness partnership during which the TAC provided funding and the RVBA promoted road safety.

The RVBA appointed a Bowls Liaison Officer, Bob Middleton, who conducted safety awareness sessions for bowlers at many clubs as part of the sponsorship agreement.

TAC developed the 'Right to Drive' Club Awards Program where \$15,000 was made available to clubs which showed initiative in their support for this program. Clubs could apply for a \$400 grant and a chance to win a further \$2,000. Our Club applied for, and secured, the \$400.

This was to finance road safety initiatives within the Club for road safety issues facing 'older' individuals and the wider community.

The criteria to be addressed was:

- must address a road safety issue relevant to older Club members
- Must be legal
- Needs to focus on driver and/or pedestrian road safety issues
- Should be sustainable initiative rather than a one-off event
- Should contain an educational or instructive component
- Should be readily transferable to other Clubs and/or the community

Keith Murray was responsible for the score boards carrying road safety messages including 'There's no winner in a dead end' and 'Good bowlers are good drivers'.

There were many more I cannot remember at this stage.

The RVBA advised us that our application had been approved and said the idea was 'innovative and hopefully gain the attention of visitors as well as club members. No doubt you will use the messages in other ways e.g. Club newsletter etc.'

Anyway, the gist of the story is that we were successful in winning a prize. Keith and his wife Brenda attended the special night in Melbourne where we were awarded our runner-up prize of \$550.

*Pam Smith, Keith Murray, Bowls President Geoff Lind and Judi Hogan with one of our boards.*

The same year (2003) Keith also applied for, and we received, a grant from VicHealth for the installation of the sun shelters on the west end of the Harrap Green.

## Gippsland Region Board summary

The Gippsland Region Board met on Monday 8 December at Maffra Bowls Club. The following is a summary of matters discussed, and decisions made.

### **Inclement weather**

The Board noted that the wet November again disrupted Weekend pennant matches. Clubs are reminded to check the inclement rules in the Conditions of Play when making decisions about abandoning matches, in particular rule 10.4

**(10.4 An umpire's decision is final and cannot be contested, disregarded, or appealed, except for matters relating to the meaning or interpretation of a Law).**

### **Region Sides 2026**

The Board agreed to seek an annual practice match against Strzelecki Region, preferably during the day, following the successful event at Traralgon Bowls Club on Friday 5 December. The match gave our men's and women's sides the opportunity to bond ahead of the championships in Ballarat in January.

Our men's and women's sides are in Silver Sections 1 and 2 respectively. The men play against Ballarat Highlands, Ovens and Murray and Wimmera, while the women play against Ballarat Highlands, Geelong and Mornington Peninsula. The game venues are:

*Friday 9 January* – women Ballarat Memorial Sports Bowling Club; men Midlands Golf Bowling Club

*Saturday 10 January* - women Midlands Golf Bowling Club; men Ballarat Memorial Sports Bowling Club

*Sunday 11 January* – all finals Sebastopol Bowling Club.

### **Live scoring**

The Board reaffirmed its commitment to live scoring, noting the GBR sits on top of the Bowls Victoria (BV) League table for live scoring implementation in pennant and state events. Jan Morton reported that to date: of 180 rinks in Weekend Pennant Premier League, 176 have live scored with Bairnsdale, Lakes Entrance, Stratford and Lindenow achieving 100% compliance

in Midweek Division 1, of 126 rinks, 114 live scored, Lakes Entrance, Stratford and Lindenow achieving 100% compliance.

### **Disciplinary procedures**

The Board noted advice from BV that its regulations and disciplinary guidelines are being amended to enable Regions to handle all bowls-related disciplinary matters that occur within their boundaries, not just an event where they are the controlling body (pennant, State events). It is expected the new rules and guidelines will be ratified by the end of December.

### **Strategic Plan**

#### *Women in Bowls*

Bronwyn Thwaites advised that the survey of current women bowlers has closed, with more than 200 responses received either online or via a hard copy. The results are being compiled for discussion by the Women in Bowls Committee at its next meeting on 15 December.

#### *Junior development*

Peter Leslie reported on preliminary discussions held with BV Southern Country Manager Mark Coleman and clubs about progressing junior development in the Region, with a focus on getting more schools involved. Mark will prepare a map showing how many schools there are near bowls clubs.

### **Umpiring**

The Board noted the report from umpiring coordinator, Chris Sherrin, which highlighted that since being accredited in January, the presenter/assessment team has completed the following:

12 reaccreditations

10 new national umpires

2 marker/measurers.

### **Crackerjack**

Peter Leslie reported he is working on a proposed end of season Crackerjack event at Sale Bowls Club involving Heyfield, Sale, Stratford and Maffra. Under the proposal, each club will select teams of unaffiliated bowlers to compete against each other in front of a crowd. If successful, a similar event may be held between east playing area clubs.

## DO YOU KNOW THE LAWS OF THE SPORT OF BOWLS?

### MARKING A 'TOUCHER'

A 'toucher' in the ditch is not marked, or nominated, but when it comes to deciding the result of the end it is in the count. Should it be included?

#### LAW 15 Marking a toucher

15.1 A toucher must be marked with chalk by a member of the team that delivered the bowl or the marker **as soon as it comes to rest.**

15.2 If, in the opinion of either skip or opponent or the marker, a toucher comes to rest in a position in which marking it would be likely to move the bowl or alter the head, the bowl must not be marked but **nominated** as a toucher instead.

15.3 If, **before the next delivered bowl comes to rest** or, in the case of the last bowl of an end, before a period of 30 seconds that applies under law 23.1, a bowl is neither marked nor nominated, **it is no longer a toucher.**

**This is where good sportsmanship would come into play, but technically a bowl in the ditch not marked before the next delivered bowl comes to rest, could be considered a 'dead' bowl and not included in the count. So, be vigilant and mark your 'touchers' immediately they come to rest.**

#### WHERE'S WALLY?

Can you find Wally?

He is in this edition somewhere.  
This is where he was in November  
P22.

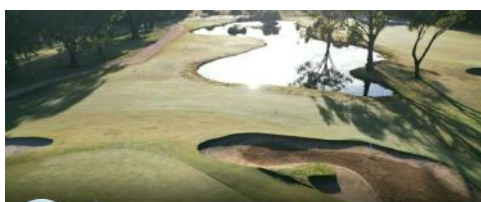

With the Festive Season upon us you may have more bottles and cans than usual? It would be great if you could continue to save them over the break and drop them in the blue bins beside the bowls shed when we come back.

The response so far has been outstanding .. keep it up everyone!  
*Make sure they have the '10c' logo on them.*
