jinga No. 9, 22nd July

The Jinga

The Jinga is a community newsletter produced by Cann River P-12 College, for the school and the wider community to enjoy.
You can keep up to date with what has happened and what's on the horizon.
Jinga is published fortnightly on a Friday, throughout school terms. If you have any community information you would like published in the Jinga, please contact us at the school:

Email: sarah.nation@education.vic.gov.au

Telephone: (03) 5158 6245 Facsimile (03) 5158 6361

Cut off dates for Jinga,
will be every fortnight on

Wednesday

3rd August
17th August
31st August
14th September

Front Cover:
Bogong camp

It is free of charge to include any upcoming community events or news stories so please feel free to email anything of interest.

Welcome to term 3

Its very good to be back in the school after the time I've had off. I want to thank all the staff for their work over the year, to Matt Barlee who was Acting Principal last term and Liza Spink who was acting in term one.

Thanks to Patsy Killeen who has taken over literacy leadership in the school and providing such well structured work for the rest of the year. Exciting news as Patsy has just had a baby girl, Vivienne. She arrived yesterday (Thursday 21st) Congratulation to Tom and Patsy. Thanks to Zoe who did a wonderful job with Phys Ed and we wish her well. Like many schools, we have been unable to fill this vacancy, so along with COVID and other leave, this term begins with a bit of a stretch for the staff. Thanks to Liza who has, through her long service leave, worked on all the new curriculum necessary for the implementation of the new senior level course for next year.

I've been in the school briefly most weeks of the year, but now as this term begins it is very nice to get to know the many new students. Being in classes which are very productive, and seeing all the changes. It's great to see the growth of students from last year. The senior students had an excellent ski trip last week to Bogong. Nigel Royce, the schools previous principal, accompanied our students, and he rang me to praise those students. Its great to see the great work in the school garden and that the fire sprinkler system is nearly complete. School photos were taken yesterday: lots of enjoyment from the students.

Mobile phones in school . There has been some concerns over mobile phones in the school. Students will be asked to hand their phones in at the start of the day. They can retrieve them if they go down the street for lunch. For a while it seemed to work to just put phones in school bags, which would be enough, but it has not turned out that way. This is inline with Department Policy. There is lots of evidence of how distracting phones are, but we also cannot ensure students safety at school if they can be contacted by others. We haven't yet sorted out about smart watches which I believe in some cases can directly link to the internet. Also staff will not be able to use personal phones for photos in the school.

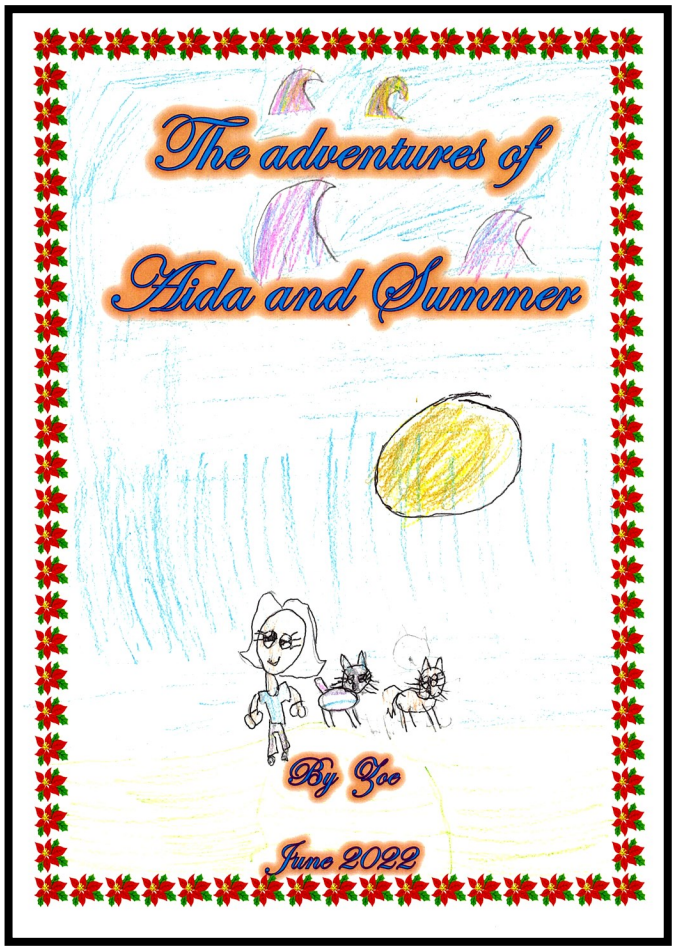
At times parents may have serious concerns about school. Any such concern will be taken extremely seriously and we will involve the Education Department in a formal way to ensure proper outcomes. Confidentiality is very important as you would understand.

The reviewers of the school in term one were highly praising of the school, and I believe we will continue to work to ensure safety, and optimism, and help students develop real life pathways in a world of increasing challenges .

Yours Bruce Spink

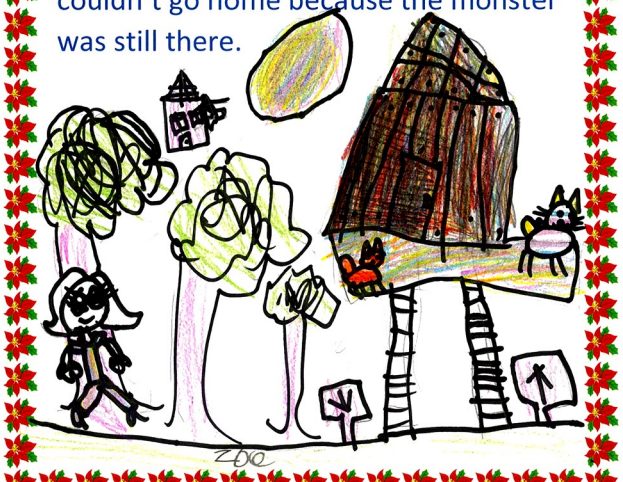
THE EDUCATION STATE

Year 2—Zoe



Chapter 7 They're so scared

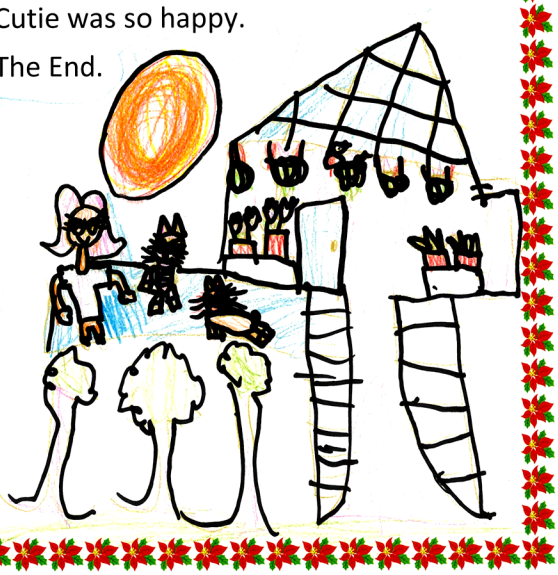
But when Aida and Summer looked back the monster was there so they ran away. They packed everything and left. Aida and Summer were very sad because they had to leave their owner. They built a tree house to live in. They couldn't go home because the monster was still there.



Chapter 8: Cutie finds Aida and Summer

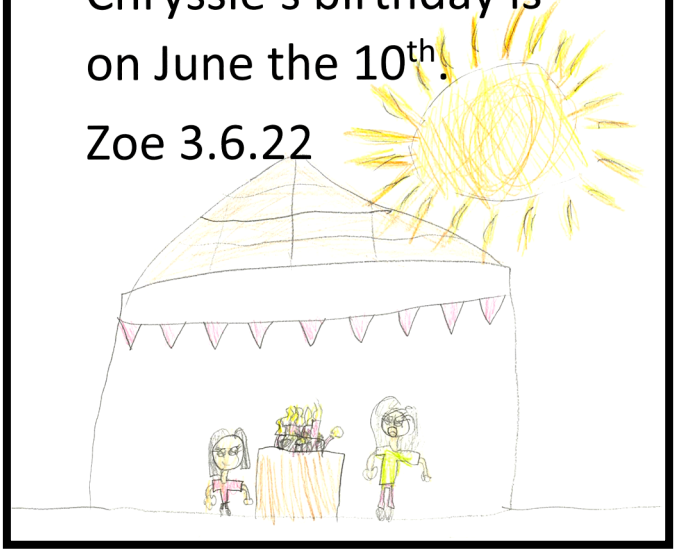
While the Monster wasn't looking Cutie ran away to find Aida and Summer. When Cutie saw a tree house Cutie found Summer and Aida and Cutie was so happy.

The End.



There are 8 more days until Chryssie's birthday and Chryssie is turning 11 years old. Chryssie's birthday is on June the 10th.

Zoe 3.6.22



GRADE 3-4-5 SCIENCE

In Science this term, Primary students are studying Earth and Space Sciences. This week, Grade 3-4-5 were investigating rocks. We went for a walk to locate some rock specimens for us to experiment on.

NIK - I hit a rock and it just chipped the edge. The rock went up in the air, about as high as the roof of the toilets. When it came down, it hit the ground really hard but there were no cracks!

DANIELLE - When I hit the rock on the ground really hard, I lost my bracelet and the rock shattered. We had to do an emu hunt to find my bracelet - it was about 5 metres behind me! I could put the rock back together-it looked like a puzzle piece.

CHRYSSIE – When you hit quartz and quartz together, you make sparks. I discovered that when you hit them together, it smells like it is burning.

ELLIOTT - I smashed my rock and just a little bit came off.

My Exciting Holidays

On the holidays I went to Melbourne.

It was a boring drive but it was worth it because we went to the Pablo Picasso exhibition.

In the exhibition I saw the Weeping Woman and lots more the next day.

We went to EB Games and got two Pokémon tins and six Pokémon booster packs.

There were three rare cards out of it.

By Nik 11.7.22

My Holidays

On the school holidays my cousins came up to Cann River with my uncle and Grandma.

They stayed for one night and two days. We went down to the Cann River and drank the water.

We skidded rocks and then we went back to the house and my cousins Niki and Achilles went back to Melbourne.

The next day, Remy and Aida had a play date at our house.

A few days later, we had a play date with Claire and Elliott at the park.

On the 1st of July, we went to Melbourne and stayed at my grandma's house.

On Monday we went to Geelong and saw my cousin Alana and her daughter Giovanna. Their house was big. We also went to my mum's friend Alicia's house and played on their Nintendo Switch they also a cute cat named Luna.

The day before we saw our cousins Niki and Achilles.

A few days later, I saw my friends Iyla and Elesha at the park. The ice cream truck came, and we all got ice-cream.

The day before that we went to Fountain Gate shopping centre. My Mum bought me Pokémon cards. I got three rares, my sister got an LOL doll, and we also went to the cinema and watched, 'Minions the rise of Gru.'

A few days later, we went to the Picasso expedition with my aunty, and we got to see the 'Weeping Woman' and I got a book and pencils from the gallery's store.

On the next day, we saw our cousins at my grandma's house. We played Nerf war, it was very fun.

The next day, we headed back to Cann River, we stopped at Sale and caught up with my dad at La Porchetta. We ate dinner and then continued to Cann River.

The End

I WENT SKIING

I fell over a few times and I hurt my ankle and then I got the hang of it. I was going down hills and I jumped a crevasse we finished the track, we skied all the way back. Three hours we arrived at home. I went in a ski tube too.

Elliott

My holidays

On the holiday I saw Peter and Locky in Coles at Bairnsdale.

Locky looked really tall.

I stayed at my Nan and Grandad's place for five days in Drouin.

It was great fun. We went shopping and I helped Grandad do the shopping. We brought apples, bananas, blueberries and pears.

On Sunday the 3rd of July I saw Samson, Heidi, Remy and Aida at the Cann River Winter Festival at the park.

We played at the park on the swings. There were lots of lanterns that people had made.

There were lights on the trees and the park looked great. My holiday was the best.

Bogong Camp 2022

Bogong camp is possibly one of the best camps you can go on while at Cann River School. You get to learn new things, meet new people, and try fresh foods every night. The best part is the skiing. First of all the camp is an amazing experience, and you can make many fun memories with your current friends or people you've never met before. Once you get there, you're gonna take your things to your room, put your sheets on your bed, then you'll be taken to get snow gear, and later that night, get boots that fit you. We shared the week with Bannockburn P/12 College.

On the first day of skiing, you go cross-country skiing which, in my opinion, is the absolute worst because I found it hard, but it's still fun once you get the hang of it. Even though cross-country skiing is a struggle, it pays off as you get to see fantastic views that can blow you away. Later that night, you'll get your boots for downhill skiing, and your skis which are fitted to your boots and don't lie about your height or weight as it is necessary for your skis to come off if you crash. The next day you go downhill skiing which is the ABSOLUTE BEST. You obviously get to go down hills with speed and wind brushing through your helmet. The adrenaline pumping through you as you go around sharp corners is amazing and was my favourite part of the camp.

On the third day, you can choose either cross-country or downhill skiing. It is obvious which one I picked. My favourite part of that day was going down a run called Monkey Bar, which had a fence with a gap in the middle of it which, if you wanted to try it, you could ski through it, which I did. It felt amazing it was just sick when at the start of the week, I could barely get up from the ground when I fell over. The feeling of skiing is honestly one of the best, the rush of going down such a steep hill is amazing and hard to explain, and it's even better when you're doing it with your mates. Gus, Oscar and Jack. But to sum up everything, Bogong camp is one you don't want to miss. Thanks Mr Royce and Mrs Spink for taking us on the camp. By David

WANTED

Our students are in need of empty plastic containers
with lids, for cookery class.
If you have any you no longer need
Please could we have them at the school.

For example
Ice cream containers
Margarine containers
Take away containers etc

Thank you

FOREST FIRE MANAGEMENT VICTORIA

Media Release

13 July 2022 | Media Contact: Ebony Battersby 0436 402 370

Help protect Gippsland from future bushfires

Forest Fire Management Victoria (FFMVic) is looking for people in Gippsland who are after a challenging and rewarding job helping protect Victorian communities for the upcoming bushfire season and to assist with land management activities, to join its team.

FFMVic's Sam Quigley said applications are now open for approximately 90 project firefighters (PFF) to work in Gippsland.

"These fixed term positions are a fantastic opportunity for people from all walks of life who are physically fit to get out in the bush, protect Victoria from bushfires and help to maintain public land right across the state," Sam Quigley said.

"You could be operating machinery one week and responding to an emergency the next.

"The roles involve being on the frontline fighting bushfires, conducting planned burns, managing roadside vegetation, pest and weed control, maintaining access to fire trails and roads, and supporting other emergency work to help protect the community and environment."

The range of PFF roles available include general firefighters, fire support officers and rappel crew.

Eighteen roles are also solely dedicated for Australian Aboriginal or Torres Strait Islander people across Victoria, reflecting the Government's commitment to a diverse workforce while also supporting Traditional Owners to care for Country and lead cultural burning across the landscape.

"Successful recruits will be fully trained and get the opportunity to work with experienced staff from a range of fire management agencies right across the state, and potentially nationally and internationally if required.'"

Driver licence and medical and fitness assessments are required.

Applications are now open and close on 31 July, to apply visit jobs.careers.vic.gov.au/pff or call 136 186.

Forest Fire Management Victoria consists of specialist staff drawn from the Department of Environment, Land, Water and Planning, Parks Victoria, Melbourne Water and VicForests. These staff work alongside CFA, other emergency services and communities across Victoria to protect people, property and the environment.

Cann River Hall Hire Fees as of January 2022

Hire fees per hour:

- **Hire of Main Hall only – $10 per hour**
- Hire of the hall and kitchen $15 hour

Hire fees **PER DAY** (includes setup time & pick up time):

- Private Hire of Hall and Kitchen - $100 (bond required of $100)
- Community group or not for profit - $100 (no bond required)

Key pickup & drop-off: Normally, hirers, are asked to pick up the key from the Cann River P/12 College (51586245).

If you cannot arrange this, let us know, and we can organise for the key to be left elsewhere, or one of our committee members to meet you at the hall.

We ask that the hall hirers keep the hall clean and tidy. If the committee has to employ a cleaner, there may be a surcharge on future bookings.
