## School Newsletter

### Principal's Message

Where has the time gone? We are already into Term 4. It has been so pleasing to see students settle into new routines and expectations with ease. The new literacy and numeracy block has been highly successful and if anyone visited our school they would see students engaged in explicit focused learning to develop their reading, writing, and maths skills every morning.

This term will be a busy one as we wind down to the end of the year. There will be three closure days this term. the first tomorrow October 11th, Monday, October 31st, and December 21st. These days are all student-free days while the teachers learn, write reports and plan for next year,

Enrolments are now being taken for 2023. If you know someone who might be interested in enrolling at our school, please make them feel welcome. to call in for a visit and collect an enrolment pack.

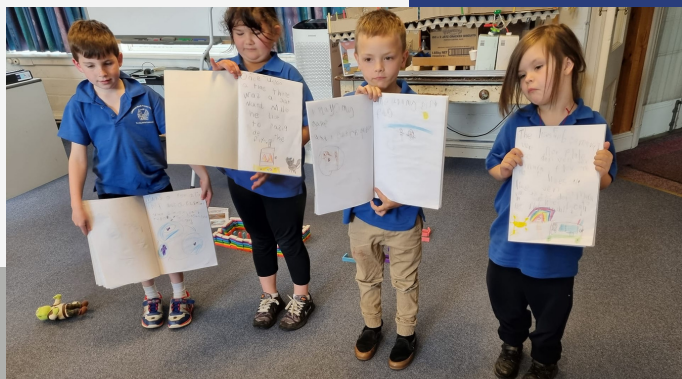

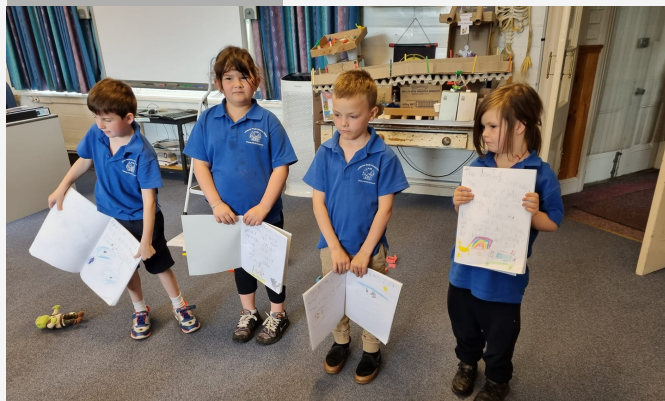

I hope everyone has a wonderful week.

Bronwyn Joyce (Principal)

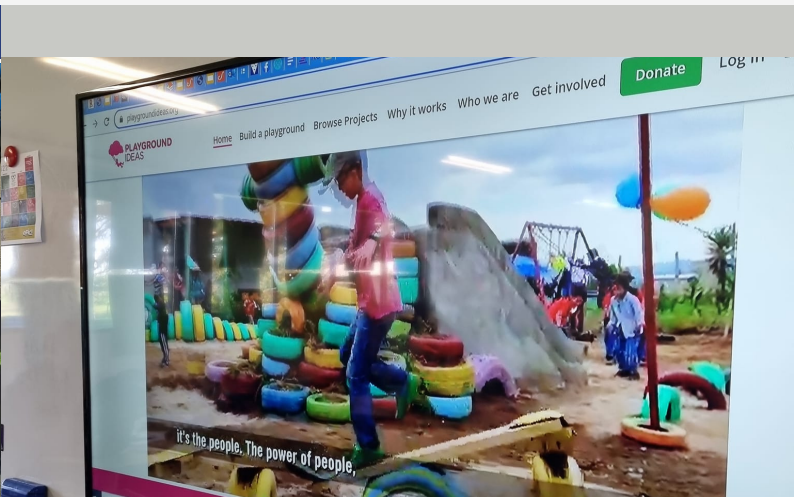

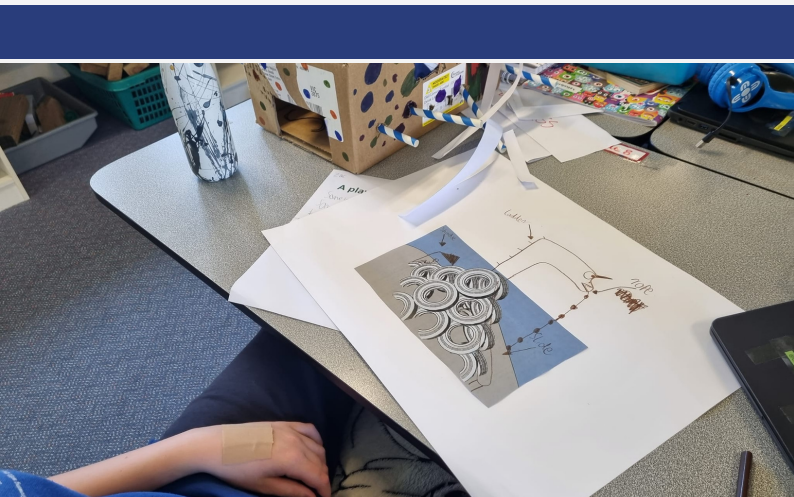

## WHAT'S BEEN HAPPENING AT FRIDAY'S ASSEMBLY?

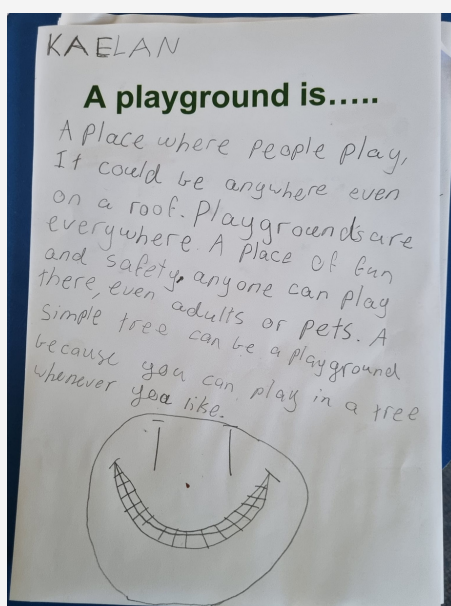

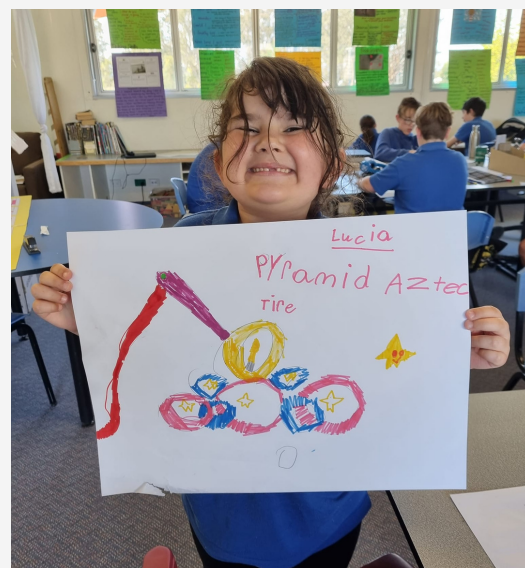

Every Friday the students participate in a whole school assembly in the multi-purpose room. Each week students share their learning, hear about things that will be happening in the school and find out who is their classes Student of the Week.

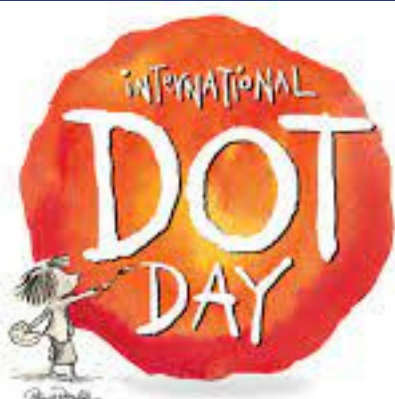

Join us at 2.45 pm every Friday in the multipurpose room.

# Playgrounds

This term the whole school inquiry learning theme is Playgrounds. Students have been defining what a playground is, sharing what they know and practicing designing playgrounds they think children would like to play at.

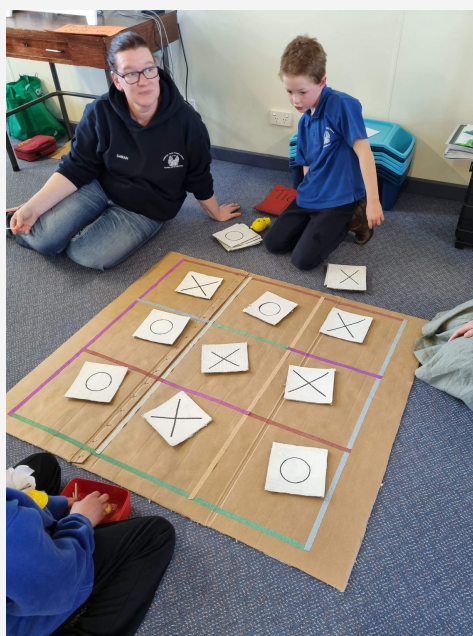

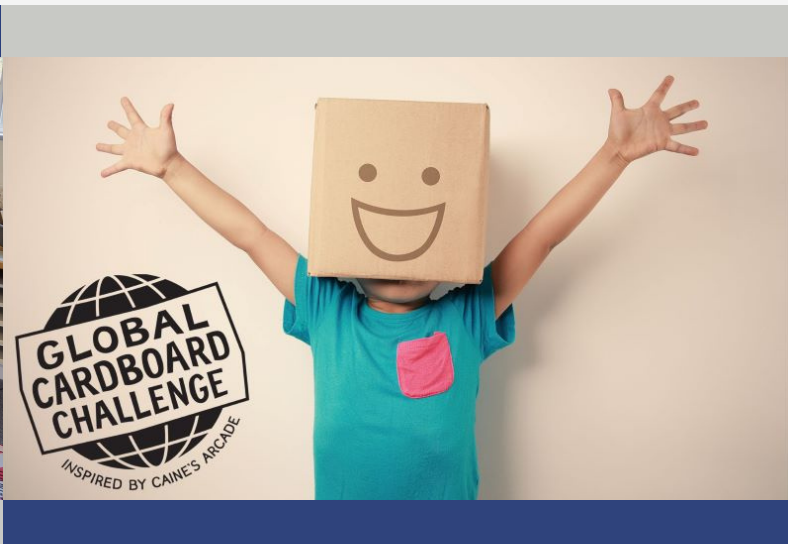

## Lindenow South Primary Celebrate International Dot Day

On the last Thursday of term, students celebrate International Dot Day. International Dot Day is celebrated by adults and children for boosting courage so that their creative potential is released. It is a great day to connect and collaborate, and also to celebrate self-expression. Students started preparing for the day last week in Art using paints and drawing. Their starting point a black dot.

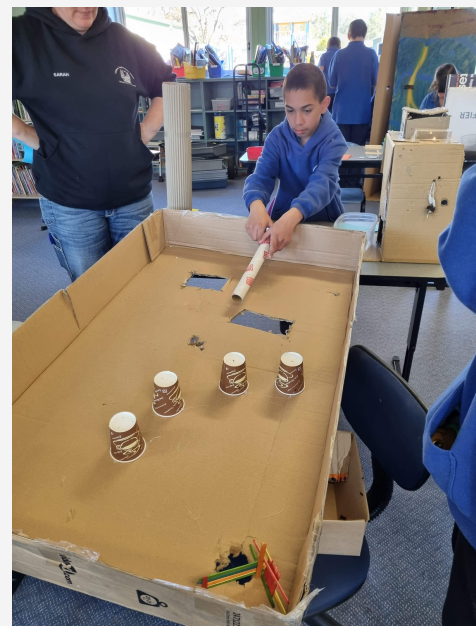

**'Growing with the Community' est. 1888**

**Your Local School - Award winner, Innovative and Caring**

Last term during our inquiry learning students created and built their own arcade game. An important part of inquiry learning is that students have the chance to showcase their learning to an audience. For one whole day students engaged in a day of play. Playing games inside and outside as well as their arcade games with their parents.

# Reminder!

# Don't Forget:

No school tomorrow  
October 11th, 2022

Wear a hat  
recess and lunch

Eat Healthy Food

Read regularly at  
home

**ENROL  
NOW!**
