School Newsletter

Principal's Message

It's up. Our new school sign welcoming enrolments for 2023. Spread the word we'd love to see your child join our school community and learn with us.

Thank you to Jenny our wonderful Education Support Staff Member who has been at it again looking after our students. Jenny brought icy poles for the students to cool down.

As the year is moving quickly, students have been completing testing. As teachers prepare to complete writing end-of-year reports students are working hard to complete any unfinished work.

I would like to welcome Elyse Strecker to the Lindenow South teaching staff for 2023. Elyse will join us two days a week working with students right across the school.

WHOLE SCHOOL SYMMETRY LEARNING

To finish off our day on Thursday the whole school came together in the afternoon to create symmetrical bugs. It was a challenging task but everyone rose to the challenge and we saw the very hungry caterpillar, butterflies, spiders, and ladybugs all take shape. This learning was a follow for the seniors who had worked in groups to show their understanding of symmetry.

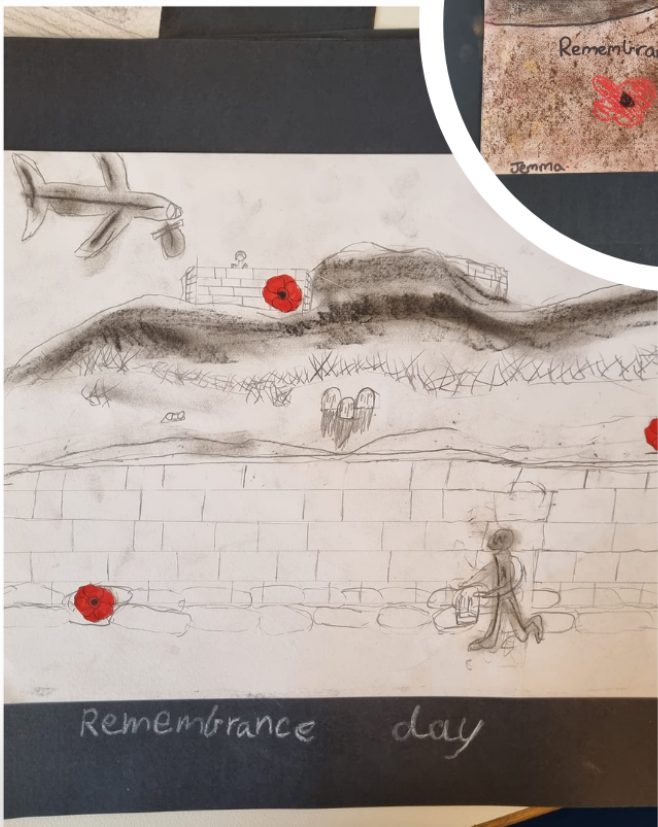

Our Playground Excursion

Last Monday our whole school headed off on an excursion to Kosiuzsko St Primary and Liddiard Rd PS in Traralgon. What a day, the students were waited on as guests as part of a kitchen garden program, audited playgrounds to compare results with our school, learned to play dolphin dodge, patted animals, and most importantly had fun playing with lots and lots of kids at recess and lunch.

We are so thankful to both schools for hosting us, both Principals should be so proud of their school leaders who took us on fabulously informative school tours.

Remembrance Day 2022

Water Play

As the weather warmed up what better to do than get water play happening at school? The students had so much fun.

Reminder!

Dont Forget:

Wear a hat at recess
and lunch playtime.
