PRINCIPAL NEWS

It is certainly good to be back at school after two weeks convalescing from shoulder surgery. I would like to thank Mr Fyfe and the leadership team for the great job that they have done in my absence. We remain in challenging times with the ebb and flow of COVID infections and the impact that this has on the entire country. I commend our students, families and staff for the responsive and flexible manner in which we deal with transitioning from the classroom to remote learning and back again. We are very fortunate live where we live and work where we work.

We are scheduled to run senior athletics this Friday for students who are 10, 11- and 12 years old this Friday 13th August. 7, 8 and 9 year old students will compete on Wednesday 18th August, and the Prep fun day will also run on the 18th. Unfortunately, parents and community members are not able to attend these events.

MUSIC LESSONS

Unfortunately the private music lessons held at school for keyboard, guitar and drums are unable to go ahead with the current operations guidelines from the Department of Education. We hope these lessons can resume again soon and will be in touch when they can.

ART SMOCKS

A reminder to all families, that all children need an art smock for their Visual Arts classes.

Each year there are messy materials that your child will be encouraged to explore. These can be difficult or impossible to remove from clothes.

There are a large number of students who are not bringing art smocks to their Visual arts classes this semester. This hinders their artistic development as it limits their ability to experiment freely with all of the great materials we have on offer in the studio.

Please support your child, and avoid them coming home in paint or clay covered clothes, by providing them with a clearly named art smock. It can then be left at school so that it is available for them each week.

Please be assured that an art smock can be as simple as an old shirt that is big enough to cover your child's clothes. If sleeves are too long I recommend cutting them off at the wrist rather than rolling them up. The op shops are a great place find a suitable old shirt for just a few dollars.

MILO'S JOURNAL (AND A BIT ABOUT MY MATE RUSTY)

Hi everyone,

I'm so happy that so many of you are helping to care for me. The leadership that is being shown around the school by students to support Rusty and I is amazing.

Rusty visited classrooms this week for an introduction and we revisited the 3 expectations. He is learning how to work at school.

The 3 expectations

- Say hello to the person with me, not me
- Give me plenty of space
- Keep moving/working

One of the places I love to be at school is in the office with the friendly and kind office staff. They always have a smile for everyone. It's beautiful to see.

Rusty has been supporting the students in 6DP. Look how well the kids are working and showing Rusty what to do.

Have a great week everyone!
Milo and the Literacy Leaders
