PRINCIPAL'S REPORT

Given the challenges that our community has faced this year, staff at Lucknow have been looking for better ways to support students to achieve enhanced learning and behavioural responses to the day to day challenges that they experience. The Journey of Hope program is designed to help children cope with trauma, identify triggers and stressors and develop their natural resilience and coping strategies to strengthen their social support networks.

Without early intervention, children experiencing trauma may suffer negative effects that impact educational and functional outcomes. Studies show that primary school children in bushfire affected areas have sometimes experienced reduced academic progress compared with their peers.

Later this term, we will schedule a student free day so that staff can be trained to deliver this program. The training will provide staff with practical knowledge and tools to support children to practice self-care.

As soon as we receive confirmation of the training date, we will let you know so that you have sufficient time to make arrangements for the student free day.

Thank you to all parents and carers for supporting our efforts to minimise adult access to the school site. If parents need to speak to a member of staff, or collect their child from school before the end of the day, please contact the school office on 5152 4662. Children with a fever, chills or sweats, a cough, a sore throat, shortness of breath or runny nose, or loss of sense of smell or taste, must stay at home.

New enrolments for 2020 are now open. If you have a child commencing school next year or know of anyone who has a child that wishes to attend Lucknow, please contact the office to start the enrolment process. All enquiries are welcome.

STEM NEWS

Digital Technologies Agreement

Last week each student was given a computer agreement that needs to be signed and returned to the office. If you need a replacement copy, please let your classroom teacher know and they will organise to get a new copy for you.

ART NEWS

Art Smocks

If your child is attending Visual Arts this Semester I strongly recommend that they come equipped with an art smock. Creativity can be a rather messy business at times and the paints and glues that we use can be difficult to remove from clothing.

Please note that a parent's or older sibling's old shirt is quite an adequate option for an art smock so long as the fabric is not too thin and your child can put it on easily themselves (preferably big enough to go over jumpers too). If the sleeves are too long please cut them off at the wrists, as folded sleeves often dangle in paint.

If you have difficulty providing your child with a smock, please contact me or have your child come and see me as I have a limited supply of spare second or third hand art smocks that I am happy to pass on to them. Thank you for your support.
