Last Monday I was very proud to drive our six and other SREC students to Bairnsdale for the District Cross Country. Although none of our ONPS students are continuing this year, they all tried their best and put in a magnificent effort.

Last Friday our senior students met with a couple of Orbost Secondary students at Forest Park to discuss their ideas for future developments at that park. What a wonderful chance to have a say in their own community planning. I was very impressed with the number and quality of ideas. This week the group will meet at the Community garden for some very interesting activities producing some surprising things with the help of Kay Bristow. It sounds like fun.

Cheers,
